

List of Valuers and Quantity Surveyors

Addsure lists suppliers referred to us, who are members of NAMA (National Association of Managing Agents) and/or who are known to us. This list is by no means and endorsement of their service and supply nor are we making any recommendations. Addsure does not form part of the supply chain should you utilize their services. You are using their services entirely at your own risk. Should we receive sufficient feedback about poor service, we will certainly remove suppliers from our listings.

Service providers are listed alphabetically i.e. there is no order of preference.
